

IAM proposal readiness and UAT evidence pack

Prepared by Nakul as an independent freelancer/sole proprietor for City of Boston - Identity and Access Management Managed Services. This is a specialist support appendix beside a qualified IAM managed-services prime or a portal response if eligibility is confirmed. This is not an IAM managed-services prime bid, legal compliance certification, SOC report, or cybersecurity warranty.

Buyer	City of Boston - Identity and Access Management Managed Services
Opportunity	Boston DoIT is procuring Identity and Access Management Managed Services through EV00017196.
Package	USD 4,800 fixed; subject to portal or prime/subcontract eligibility - IAM proposal readiness and UAT evidence pack
Path	Boston Supplier Portal or approved prime/subcontract path

Fit

The official bid listing is active through May 26, 2026 and routes proposals through Boston's Supplier Portal.

Area	Support deliverable
1	Requirements-to-acceptance matrix for core IAM managed-services obligations
2	Implementation and test-plan outline with role, access, and break-glass scenarios
3	UAT checklist covering provisioning, deprovisioning, MFA, role changes, and reporting
4	Security and compliance response draft language for a prime team's review
5	Issue/risk register with owner, severity, evidence, and closure criteria
6	Five-day support appendix package ready for formal team review

Boundary

No credentials, tenant exports, employee records, or security-sensitive configuration should be sent by email. Use dummy scenarios or an approved secure workspace.

USD 4,800 fixed; subject to portal or prime/subcontract eligibility	Use as a Boston Supplier Portal attachment or prime/subcontract support appendix after confirming eligibility and required forms.
