

O-D survey data QA and dashboard prototype

Prepared by Nakul as an independent freelancer/sole proprietor for NJ TRANSIT - Rail Origin-Destination Survey. This is a data QA subconsultant/support slice beside a qualified survey/planning firm, not a survey-prime proposal. This is not licensed transportation planning, statistical certification, field survey staffing, DBE/SBE certification, or a full RFP prime response.

Buyer	NJ TRANSIT - Rail Origin-Destination Survey
Opportunity	NJ TRANSIT lists RFP 0000234 for NEC/NJCL/RVL Rail Origin-Destination Survey 2025/2026 due through Bid Express.
Package	USD 3,200 fixed; survey-data support only - O-D survey data QA and dashboard prototype
Path	Bid Express or approved survey/planning prime path

Fit

NJ TRANSIT's procurement calendar lists the RFP due May 19, 2026 through Bid Express.

Area	Support deliverable
1	Survey schema QA checklist for route, station, time, trip purpose, transfers, and demographics fields
2	Cleaning and validation rules for duplicates, impossible trips, missing values, and inconsistent station names
3	Nonresponse and weighting risk checklist for planner/statistician review
4	Dashboard wireframes for line, station pair, corridor, and survey-completion views
5	Field-to-analysis handoff plan with data dictionary and QA evidence fields
6	Prime-team memo with assumptions, exclusions, and next data decisions

Boundary

No rider personal data, raw survey responses, location traces, or nonpublic operational datasets should be sent by email.

USD 3,200 fixed; survey-data support only	Use only as a prime/subconsultant support attachment or through Bid Express if eligibility is confirmed.
