

Limited Migration QA, Directory Readiness, and Launch Support

Prepared by Nakul as an independent freelancer/sole proprietor. This is a narrow support proposal for the published Website Development & Content Migration RFP: Simpleview migration, business/member directory validation, SEO preservation, analytics checks, accessibility QA, staff publishing guardrails, and launch readiness. It is not a full redesign-prime proposal, hosting proposal, CMS license, legal accessibility certification, or ongoing maintenance contract.

Buyer	Ely Area Tourism Bureau / Ely Chamber of Commerce
RFP	Website Development & Content Migration; proposal due May 11, 2026
Package	USD 12,500 fixed migration QA, directory readiness, and launch support slice
Inputs	Content inventory/crawl, representative listing export, staging access after approval, and preferred tracker format

RFP-Specific Fit

- Content inventory, redirect/SEO spot checks, metadata checks, media/link validation, and post-migration issue register.
- Business/member listing field review, template acceptance checks, tier/reporting validation, dashboard/admin-flow notes.
- Accessibility and mobile/browser QA across representative templates, forms, search, listings, navigation, and landing pages.
- Analytics verification, go-live checklist, staff publishing guardrails, retest notes, and short post-launch support.

Deliverables

Area	Support deliverable
Migration map	Representative page/content inventory, redirect/SEO spot checks, metadata checks, internal-link checks, and broken-link risk notes.
Directory readiness	Business listing field review, tier/template acceptance notes, reporting/export checks, and admin workflow observations.
QA pass	WCAG-oriented, mobile, browser, search, form, analytics, CMS publishing, and launch-readiness checks.
Issue register	Severity, evidence, likely owner, status, retest result, and launch-readiness note for each surfaced risk.
Staff handoff	Concise publishing guardrails for pages, images, links, listings, forms, events, and post-launch content hygiene.

Boundaries

- This is a QA, directory-readiness, and launch-support package, not a complete prime agency website rebuild.
- This does not include hosting, CMS licensing, full custom development, legal accessibility certification, or long-term maintenance unless scoped separately.
- The work can support Ely directly or support the selected website/CMS vendor as an independent sidecar.
- No credentials, analytics exports, private member data, payment data, or internal Ely files are needed by email.

Fixed price: USD 12,500

Next step: confirm whether this limited support slice is useful, then share the migration QA checklist and issue-register format before vendor selection discussions.
